Comments:		

Andrew's positioning and movement around the diamond was sound.

Andrew needs to concentrate on pause, read and react mechanics, especially with double plays up the middle. Andrew needs to pause longer before he makes a call, especially where the ball is dropped at the first leg of a double play. It would be good to see Andrew 'sell' the close calls better, again when it comes to a dropped ball on the transfer from glove to hand.

Andrew understood and made comments to these issues post-game, so it seems that Andrew knows the outcome of issues, he just needs to concentrate on these, which will become better with more games he umpires.

All in all, not too bad of a performance.
